

Text to Give Guide

1

Locate the "Text to Give" number for your local Church [here](#). Then text 'give' to the number.

2

You will receive a reply with a link to register for this service. Select the link and complete the fields as directed. All giving will be processed via your debit card, not from your mobile phone network provider.

3

Once registered a confirmation will be sent to you via text. This means you are now set to use the service. To make giving easier next time, save the number in your telephone contact list.

4

Moving forward you can give Kingdom investments securely. Text the amount followed by the type of giving e.g. '5 Offering' or '10 Tithe' to the number for your local church.

5

Do you need more help? Text 'options' to the number you have saved for your local church to see further instructions or contact the church office.

To use this service you will need to complete a one time registration. This usually takes a couple of minutes. Texts are charged as a standard rate message.
